C	900	900	15	45	111	66	120D	100

Application: For use-

- In advance of a U-Turn facility where signing arrangements may have changed (either as a result of corrective action to remove an R2-5 which has been installed contrary to the MUTCD or where previously permitted turns are no longer permitted); or
- In advance of locations where there is a high demand for U-turns being undertaken by motorists unfamiliar with the area (intersections with history of illegal U-turn movements and alternative opportunity exists further on in reasonable proximity).
- If the facility is not suitable for long vehicles, use it in conjunction with TC1972 or TC9730.

Colour Legend

- Black (legend)
- Retroreflective yellow (background)

Note:

1. * Insert appropriate distance.
2. For an advance sign, installed prior to an intersection indicating that a U-Turn facility is located after the traffic signals, refer to page 2.
