

TC2361C

TC2361B

Example 1

Example 2

Notes:

1. The arrangement shown in Example 1 shall be used at roadwork sites where there is camera speed enforcement.
2. The arrangement shown in Example 2 shall be used at roadwork sites where there is enforcement other than speed camera and may be used at roadwork sites where there is no enforcement.
3. This multi-message arrangement shall only be used as depicted in the two examples with both panels being displayed at all times (no other MMS panels are to be used with TC2361 messages).
4. Use a 25 mm x 25 mm chequered pattern on both panels.
5. Where used, this multi-message arrangement:
 - a. should be used as a supplementary sign at roadwork sites in addition to all other required signs
 - b. is separated from other signs as per the sign spacing requirements in QGTTM.
 - c. shall be duplicated (installed on both sides of the road) at roadwork sites where other roadwork signs are duplicated.
 - d. shall be mounted in a similar manner and height to other signs at the roadwork site.

Colour Legend

- Retroreflective white
- Retroreflective blue
- Black
