Notes

1. This sign may be used in speed zones of 60 km/h or less with the purpose of providing better awareness to motorists to look out for bicycle riders and to drive in preparedness to share the road safely with bicycle riders. For speed zones greater than 60 km/h, refer to page 2.
2. This sign may be used:-
 - Where bicycle lanes or bicycle paths are not provided, particularly where on-road improvements cannot be made easily in the short term (e.g. narrow existing bridge regularly used by cyclists); or
 - Roads with substantial bicycle traffic (especially bicycle commuting /training routes; or Collectors and arterials with lane widths that require other road users to apply caution when passing a cyclist (e.g. kerbside lane widths between 3.3m and 4.2m); or
 - Where a bicycle lane ends and reverts to a traffic lane.
3. This sign must not be used as the sole device to designate a bicycle route.
4. This sign cannot be used as a stand alone sign and must be installed with "Share the Road" supplementary plate (TC1864). See example.
