B	2700	2300	50	150	260	160DN	170	200DN	250	590	1433	300	150

#### Notes:

1. Depending on the road type (state-controlled or local-controlled), the department of Transport and Main Roads (TMR) regions or local councils are responsible for choosing suitable locations for signage. The Queensland Police Service (QPS) is responsible for the manufacture and installation of the signs as part of the camera installation process. Signs should only be installed at locations approved by TMR and QPS. Contact the QPS Traffic Camera Office (1300 360 610) for approval process.
2. This sign is installed on the approach to a combined red light/speed camera intersection, within approximately 200 metres from the camera site. The distance from the camera site must be in accordance with requirements set down in the *Camera Detected Offence Program Signage Policy*. Contact if required: TMR Speed Management Unit (Road Safety Policy).
3. Every attempt to install a sign at a combined red light/speed camera site must be made. If a suitable location cannot be established this sign is not used.
4. Where physical space does not allow the proper installation of this sign refer to narrower sign option shown on page 2.
6. Edge strip comprises 30 mm x 30 mm or 50 mm x 50 mm blue and white checker.
7. Signs require a clear film overlay fitted to protect the signs from graffiti.
