

#### Notes

1. This sign may be used in advance of a section of road to indicate that the road is trafficable with care although there is water over the road.
2. Sign is to be in the closed position (the hinged flap in the up position) when no flood warning is required.
3. Butt type hinges to be located as appropriate for free operation.
4. Where required, cut slots in flap and fit corresponding staples in the sign to padlock the flap in both the raised and lowered positions.
5. Sign is to be locked closed when no flood warning is required.
6. Back of sign to be suitably stiffened at staple points.
7. Suitable non corrosive hinge to be utilised.
8. For narrower sign option see page 2.
