

**Notes:**

1. This sign shall be used in advance of stock movement and in conjunction with the technical note "Traffic management arrangements for stock on state-controlled roads".
2. The stock drover is responsible for placing and removing/covering the signs.
3. The END Stock DROVING sign (TC1292\_2) shall be used in conjunction with this sign to indicate the end of the movement of the stock.
4. This "DROVING Stock NEXT ... km" sign (TC1292\_1) shall be located no further than 5 km in advance of the stock. This sign shall be repeated at the mid-point of the travel distance when the droving exceeds 5 km but not more than 10 km.
5. Where side roads intersect the droving route and where sight distance to the stock is less than 250 m, additional warning signs in clear view of the entering traffic should be installed.
