#### Notes:

1. This sign may be installed in advance of a tolling point. It is generally installed 1 km in advance of the Toll Point, however may be installed at an alternative advance distance (e.g. 2 km) only if the 1 km location is not suitable.
2. If visibility (or other constraints) require a different location, replace "1" with the appropriate distance to the nearest kilometre.
3. \* Text is Helvetica Bold or equivalent.
4. \*\* Insert appropriate distance, e.g. 1 km.
5. Size B to be used where speed limit is greater than 80 km/h.
6. If entrances are located between the advance sign and the toll point, supplementary sign TC1969\_2 must also be used.
7. Refer to TC1971 for typical toll point signage layouts.
