

#### Notes

1. This advance sign may be used on multilane roads to notify trucks / heavy vehicles of an upcoming requirement to utilise both lanes in the process of manoeuvring through a tight curve, roundabout or intersection.
2. This larger size sign should be used where possible. However where installation constraints or space may be limited the smaller size sign (TC2039\_2) may be considered.
3. This sign shall only be used with TC2039\_3.
4. It should be positioned at an appropriate distance and location in advance of TC2039\_3 to give proper notification of the requirement ahead.

#### Colour Legend

- Retroreflective white
- Black

#### Notes

1. This sign may be used on multilane roads to notify trucks / heavy vehicles of a requirement to use both lanes in the process of manoeuvring through a tight curve, roundabout or intersection.
2. This sign should be located where drivers are required to begin utilising both lanes.
3. This sign shall only be used in conjunction with TC2039\_1 or TC2039\_2.
4. Where possible this sign is to be installed on both side of the road.
