C	1680	3600	20	60	200

* Other supplementary warning signs can be utilised as required

W8-17-1

W8-17-2

Notes:

1. Sign to be used in accordance with the Queensland MUTCD Part 2 at selected locations with significant road kill history and or significant conservation value.
2. Application of this sign is restricted to those locations where a higher impact device with two wildlife warning signs is warranted.
3. The "SLOW DOWN" supplementary plate is to be replaced by a distance plate (W8-17) if this sign is to apply to an area or a length of road (>500 m). The "SLOW DOWN" supplementary plate is best used at defined short wildlife hotspot locations.
4. The "SLOW DOWN" supplementary plate should not be used on high speed (>70 km/h) roads.
5. Alternative wildlife warning signs given in the Queensland MUTCD Part 2 may be substituted as appropriate.
